Eternal – Curating India's Finest Teas & Coffees

Every blend is a story — from the misty tea gardens of Assam to the aromatic coffee trails of Chikmagalur — handpicked, slow-crafted, and designed to elevate every sip.

Everyday Assam Tea

A smooth, full-bodied blend designed for daily indulgence. With Assam's signature malty richness and deep amber color, it's the perfect cup to start — or restart — your day.

Majestic Assam Tea

A bold, full-bodied tea from the lush valleys of Assam, celebrated for its malty richness and deep amber hue. Strong, smooth, and timeless — a true reflection of India's tea heritage.

Rose Reverie Tea

Hand-blended with Assam estate tea and dried rose petals, this infusion offers a floral lift to a robust base — a perfect harmony of aroma, depth, and grace.

LemonGrass Estate Tea

A refreshing fusion of Assam's bold richness and the citrusy lightness of fresh lemongrass. Energizing and aromatic — crafted to awaken the senses and elevate everyday moments.

Hibiscus Blossom Tea

Crafted from handpicked hibiscus petals, this caffeine-free infusion is rich in Vitamin C and ideal for rejuvenating spa menus, wellness retreats, and luxury cafés

Blue Empress Tea

Elegant, aromatic, and naturally blue — this wellness-forward blend celebrates balance and beauty in every sip.

Heritage Masala Tea

Rich Assam leaves meet a fragrant symphony of hand-crushed Indian spices, creating a bold, flavorful cup that celebrates India's chai legacy in its purest form.

The Heritage Coffee

From the misty plantations of Chikmagalur, where every bean carries generations of expertise — a coffee that celebrates India's heritage in every cup.

The Golden Roast Coffee

Handpicked and slow-roasted to perfection, this blend captures the golden essence of India's finest Arabica — a versatile coffee for both everyday indulgence and premium service.

ETERNAL

Sustainable Accessories that Complete the Experience

Thoughtfully designed rice husk cups and sippers that reflect Eternal's commitment to conscious luxury — where sustainability meets refined design.
